

# **3 STAGE DISPOSABLE SHOWER**

## **DECONTAMINATION SYSTEM**

**3 STAGE DISPOSABLE SHOWER \*FIRE RETARDANT\***  
(30" X 36" 77" EACH ROOM)

*\*Set up a complete shower in 12 minutes*

*\*Dispose in 5 minutes*

*\*Reusable Hardware*

*\*Completely Disposable*

TWIN-CHEMICALS low cost, lightweight disposable showers are remarkably strong and sturdy. Entrances and exits are triple-flipped and the walls are solid double-wrapped by 6-mil fire retardant poly. The shower room has an internal boot extending 12 inches up on each side to ensure leak-proof operation.

The simple design our shower gives maximum flexibility. Use individual rooms as airlock chambers for your permanent showers. The limited use showers provide the perfect solution for surprise jobs, small to medium jobs or larger jobs where tight quarters or the need for versatile quick set-up is important. Each component measures 30"x 36"x 77" and the components weigh less than 40lbs.
