

Specifications: Mastabsorb absorbent medium

Appearance:	Shredded paper fibers
Odor:	Slight damp paper, if any
Boiling Point:	215° F
Vapor Density:	N/A
pH:	N/A
Flash Point:	N/A
DOT Shipping Class:	55
Shipping Weight:	27lbs
Specific Gravity:	N/A
Solubility:	N/A
Coverage Rate:	N/A
Reactivity:	Stable
HMIS Rating:	0-0-0
Shelf Life:	None
DOT Shipping Name:	Not DOT Regulated

Mastabsorb is an excellent absorbent medium used to soak up residual mastic remover and liquefied mastic to aid in clean-up procedures. It is made from shredded, recycled paper and comes in 27lbs bales. It is non-toxic.

Directions:

1. Read and understand material safety data sheet when using this product.
2. Apply Mastabsorb to remaining mastic remover and liquefied mastic, making sure to apply enough Mastabsorb to soak up remaining liquid. Do not apply to surfaces with a temperature of over 180°F or higher to avoid risk of combustion. Product contains fire retardants, but use standard procedures as dictated by given situation.
3. Dispose of wastes in accordance to all federal, state and local laws.

Material Safety Data Sheet

Effective Date: September 15, 2008

Manufacturer's Name, Address, & Phone Number:

Applegate Insulation

1000 Highview Drive

Webberville, MI 48892

(517) 521-3545 fax: (517) 521-3597

Product Name: Applegate Cellulose Insulation

Product Composition: Manufactured out of secondary fiber paper stock, boric acid, and ammonium sulfate. Does not contain any hazardous fiberglass, rockwool, or formaldehyde.

Health Hazard Information

Ingestion: Not considered toxic. If ingested, rinse mouth and drink large amounts of water.

Inhalation: Dust inhalation may irritate nose or throat.

Skin Contact: Does not normally itch or irritate skin.

Eye Contact: Dust may cause eye irritation upon eye contact.

Carcinogenicity: No.

Physical Information

Appearance & Odor: Milled paper fibers. Slight damp paper odor, if any.

Permissible concentrations: Particulates not otherwise regulated: 15 mg/m³. OSHA PEL total dust: 15 mg/m³; respirable dust: 5 mg/m³. ACGIH TLV total dust: 10 mg/m³.

Handling Information

In Case of Spill: Shovel or sweep up and place in container for disposal.

Respiratory & Eye Information

Where dusty conditions exist: Use a NIOSH approved dustmask or respirator. If dust is annoying, use dust goggles.

Follow good personal hygiene and housekeeping practices.

Waste Disposal Information

Dispose of in accordance with all applicable federal, state and local environmental regulations.

Applegate cellulose is not considered toxic.

Fire & Explosion Information

Extinguishing Media: Water or any standard agent may be used.

Special Fire Fighting Procedures: Use standard procedures as dictated by the given situation. Material contains fire retardants and has a critical radiant flux greater than or equal to .12 w/cm² and smoldering combustion less than or equal to 15%, per ASTM C-739. Full protective clothing and self-contained breathing apparatus should be used by firefighters.

Unusual Explosion Hazards: None.

Unusual Fire Hazards: None. However, material should not be applied where temperatures may exceed 180° F. (i.e. Make sure duct work is sealed and maintain clearance around recessed lights, exhaust flues of furnaces and other heat producing devices, per National Electrical Code.)

Additional Information

This MSDS applies only to the identified product as of the effective date of this MSDS and the contents may not be valid or useful if the product is altered or combined with other products, or used in an unsafe manner or for other than its intended purpose.

The Manufacturer has endeavored to disclose accurate and current information, as of the effective date of this MSDS. **However**, the Manufacturer **disclaims** any warranties, express or implied, representations or guarantees of any kind, regarding accuracy of this information or the properties, fitness, or safety of the product identified herein. The user shall have the sole responsibility for the proper use of the information and for the establishment of proper conditions for, and the safe use of, the product identified herein.

Disclaimer: This MSDS is offered for your information and consideration only, and is not intended for any other person or purpose. It is your responsibility to conduct such investigations as you deem appropriate under the circumstances. Although the identified product is generally not considered to be "toxic", and to the best knowledge of the Manufacturer, there are no known serious health hazards related to its normal and intended use, except as may be disclosed, this product (as a whole) has **not** been tested by the Manufacturer for all potential health hazards or effects. There may be health hazards related to its components.

Whoever listens to the Lord shall live safely, and shall be at peace from the fear of evil. Proverbs 1:33
